

LS 912R Ceiling & Wall Mount Light Sensor

Product Description:

The product is a new saving energy switch, it adopts good sensitivity detector, integrated circuit and SMT. It gathers automatism, convenient safe, saving energy and practical functions. Three detectors inside compose a wide range detection field, it utilizes the infrared energy from human as control signal source, it can start the load at once when one enters detection field. It can identify day and night automatically. It is easy to install & used widely .

Product Features & Specifications:

- Dual Mount Facility
- Quad Element Sensors
- Switches ON lights on sensing motion
- Keeps lights ON till the motion is detected
- Resettable Fuse is Used for Over Voltage Protection
- Stylish Look

Technical Specifications

Power Supply	230VAC/50Hz	Time Setting	10Sec to 20min.
Rated Load	1200W(GLS Lamp) 600W(CFL/TTL Lamp)	Lux Setting	<10Lux to 2000Lux
Detection Angle	360°C	Detection Range	3M to 12Meter
Humidity	0% to 95% Rh	Installation Height	2.5M to 3.5Meter

Applications
